Accreditation Automation System

Data Requirement Document

Overview

In Accreditation Automation System, the most crucial part is that the correct type of data is entered in every field, hence this document provides detail of data needed to be filled in each field for Online Accreditation Automation System.

Business Model:

From Application creation to submission following model needs to be followed:

1. First of all focal person needs to **log in** to the system.
2. Then **My Profile** needs to be completed.
3. Then **Institute's Profile** needs to be completed.
4. After that, **Departments and Programs** need to be added for which accreditation is required.
5. Then, all faculty members are need to be entered in **Faculty Directory.**
6. After that all courses need to be added in **Course Catalog**.
7. **Student's list** is uploaded corresponding to the batch for which accreditation is required.
8. Then required forms for **Accreditation Application** needs to be filled.

Application Submission Requirements:

An application can't be submitted if:

1. Any **questions** in any accreditation form is not answered.
2. There are **Zero Faculty** added in Faculty Directory
3. There are **Zero Registered Students** in Student Directory corresponding to the batch for which accreditation is required.
4. There are **Pending Students** in Student Directory corresponding to the batch for which accreditation is required.
5. There are **No Courses Added** in Course Catalog.
6. **Courses and Faculty are not linked** in accreditation application.

Data Requirements:

Following is high level data requirements for each form:

Login:

A valid email address and password as provided by NCEAC IT Team is required here.

My Profile:

Personal information of focal person has to be entered here, following fields related to focal person are required:

1. Name
2. Designation
3. Gender
4. Date of Birth (To be chosen via Calendar)
5. CNIC (A 13 digits number, as per provided format)
6. Mobile Number (As per provided format)
7. Office Number
8. Office Email (in format: xyz@domain.com)
9. Address
10. Region (To be chosen via drop down)
11. City (To be chosen via drop down)

All fields are compulsory in this form.

Institute's Profile:

General Information:

Here details of institute have to be entered, for Institute's General Information following fields are required:

1. Official Email Address of Institute (in format: xyz@domain.com)
2. Phone Number (between 9 - 20 characters long)
3. Fax Number (between 9 - 20 characters long)
4. Date of Establishment (To be chosen via Calendar)
5. Web URL of Institute
6. Address of Institute
7. Province (To be chosen via drop down)
8. City (To be chosen via drop down)

All fields are compulsory in this form.

Contact Information:

Here contact details of institute have to be entered, if institute is **affiliated** then **Institute Administrator and Librarian** Information need to be entered here.

In this form, information of Administrator and librarian with following fields have to be entered:

1. Name
2. Designation
3. CNIC (as per provided format)
4. Mobile Number (as per provided format)
5. Email Address (in format: xyz@domain.com)
6. Fax Number
7. Address
8. Province (To be chosen via dropdown)
9. City (To be chosen via dropdown)

If institute is a **campus** then contact information of **Rector, Dean, University Registrar and Librarian** with following fields have to be entered:

1. Name
2. Designation
3. CNIC (As per given format)
4. Phone Number (As per given format)
5. Email (in format: xyz@domain.com)
6. Fax Number

All fields are compulsory here.

Departments & Programs:

Here information related to departments and program of Institute have to be entered.

Department:

When adding a new department following fields are required:

1. Name of department
2. Department Category I-e Computing/ Engineering
3. Date of Establishment of Department

Head of Department's information includes:

1. Name
2. CNIC

3. Mobile Number
4. Email
5. Landline Number
6. Address
7. Province
8. City

Program:

When adding a new program following fields are required:

1. Name of Program
2. Program Category (to be chosen from drop down)
3. Program Dual Entry Check i-e whether program is dual entry program or not?
4. Name of Department
5. Program Start Date
6. Total Credit Hour of this Program.

Faculty Directory:

In faculty directory, two type of faculty can be added:

1. Local Faculty Member (Pakistani Nationals , entered into system via CNIC)
2. Foreign Faculty Member (Foreigners, entered into system via Passport Number)

Faculty:

Here details of faculty serving in institute are being entered. For adding **faculty member**, following fields are required:

1. Name
2. Gender
3. **CNIC Number / Passport Number**
4. Mobile Number
5. Email (in format: xyz@domain.com)
6. Address
7. Province (Chosen via Dropdown)
8. City (Chosen via Dropdown)

Employment Details of Faculty with following fields are required:

1. Contract Type (Chosen via Dropdown) of faculty
2. Academic Rank (Chosen via Dropdown)
3. Joining Date

4. Leaving Date.

For **Academic Qualification** of faculty following fields are required which need to be Faculty Member's **Highest Degree Program:**

1. Degree Name
2. Degree Type (Chosen via Dropdown)
3. Field of study (Like what's the field in which faculty has obtained degree)
4. Degree Awarding Country (Chosen via Dropdown)
5. University Name from where degree has obtained
6. If degree has obtained from foreign university then name of foreign university has to be entered
7. Degree start date have to be chosen from calendar.
8. End date have to be chosen from calendar.

Course Catalog:

Course:

For adding a course in course catalog, following fields are required:

1. Course Name
2. Course Type(Chosen via Drop down)
3. Linked HEC Course (Chosen via Drop down)
4. Credit Hours for this course.

All fields are compulsory.

Student Directory:

In Student Directory, Students in a batch can be uploaded via Excel File or single record can be added via Add Single Student with following data (Sample Student List File can be downloaded via system in Student Directory):

1. Student Name (Compulsory)
2. Father Name (Compulsory)
3. Gender (Compulsory)
4. Admission Date (Compulsory)
5. Nationality (Compulsory)
6. CNIC Number (Compulsory)
7. Passport Number

8. DOB (Compulsory) (as per format: dd/mm/yyyy)
9. Phone Number
10. Email (in format: xyz@domain.com)
11. Domicile District
12. Domicile Province
13. Mailing Address (Compulsory)
14. City (Compulsory)
15. SSC Degree Name
16. SSC Board Name
17. SSC Total Marks
18. SSC Obtained Marks
19. HSSC Degree Name (Compulsory)
20. HSSC Board Name
21. HSSC Total Marks (Compulsory)
22. HSSC Obtained Marks (Compulsory)

All fields have sample data provided in sample excel file which can be downloaded via system.

Accreditation Application

In Accreditation Application Tab, there are following five forms which are further differentiated via visit type:

I. Program Information Form

It has questions regarding

1. Details of BS Program Under Evaluation
2. Admission Information for 5 years like

- Total Number of Admitted Students in each year
- Total Number of sections in each year
- Average number of students/ section

Following questions are included in this section:

Provide admission eligibility policy regarding program under evaluation

Provide admission criteria (Minimum 50% Marks and Mathematics in intermediate is required according to HEC)

What are the goals of program under evaluation?

How far have the objectives of the program been achieved?

How frequently is the program reviewed and revised? What is the process/procedure?

Please provide a summary of the problem-solving skills developed by the program:

Please provide a summary of the technologies exposed to students:

Please list down the assessment standards of the institute:

How far does the program correlate with existing industrial trends? Give details:

Which emerging technologies do you train your students in?

Sections Information for last five years

Total number of students admitted in institute for the year: _____

Total number of sections in institute for the year: _____

Average number of students per section for the year: _____

II. Infrastructure Information Form

It takes the information related to infrastructure of Institute about:

1. Lecture Rooms
2. Computing Labs
3. Labs information
4. Overall Library Information
5. Library information for each year

Following questions are asked in this section

Total number of **DEDICATED** lecture rooms for the program under evaluation: _____

Total number of **SHARED** lecture rooms for the program under evaluation: _____

Average size of each lecture room (square feet): _____

Instructional facilities provided in lecture rooms: _____

Other facilities:

Description: For Example: Heating System, ACs etc.

Computing Labs

Total number of computing labs: _____

Average number of computers per lab:_____

Average lifetime of a PC in computer labs: _____

Total number of lab hours per week: (String) _____

Is there Logic Design Lab for CS students?

- Yes
- No

Is there any exclusive Final Year Lab for CS students?

- Yes
- No

Last Two Years:

Student to computer ratio: _____

Library

Library Details:

Total number of books in library: _____

Total number of computing related books (unique titles) in library: _____

Is there any library management system?

- Yes
- No

Is connected to HEC Digital Library: _____

Number of printed technical magazines? _____

Is there access to IEEE/ACM Journals/Proceedings in library?

- Yes
- No

Last two year:

Computing books added to library: _____

III. General Information Form

General Information form takes information about facilities and extracurricular opportunities offered to students by Institute. Following questions are asked in this section:

Number of separate faculty offices: _____

Is there any open area for students?

- Yes
- No

Are there any facilities for outdoor and indoor sports?

- Yes
- No

Is there any in-campus hostel facility provided by institute?

- Yes
- No

Is there facility of adequate and clean praying area?

- Yes
- No

Is there any adequate common room?

- Yes
- No

Is there facility of Wi-Fi in campus?

- Yes

- No

Are there any societies in campus for extracurricular activities?

- Yes
- No

Are there any yearly board of studies meetings?

- Yes
- No

Are there any departmental meetings per semester?

- Yes
- No

Does yearly calendar exist and is followed?

- Yes
- No

Is teaching assistant support provided to faculty?

- Yes
- No

Is placement and internship office being established in campus?

- Yes
- No

IV. Financial Information Form

Financial Information takes data about financials of last five years of Institute.

Following questions are asked in this section:

Financials of Last five years:

Annual expenditure of institution (In Millions):

_____

Annual expenditure of Computing Department (In Millions):

_____

Annual expenditure for research and faculty development (In Millions):

_____

Annual expenditure for Computing department's research & faculty development (In Millions):

_____

Annual expenditure for library (In Millions):

_____

Annual expenditure for computing books (In Millions):

_____

Annual expenditure for computing facilities (In Millions):

_____

V. Courses Information

Courses Information form takes following information:

1. First of all , it takes following information regarding current and previous semester:
   - Session (Chosen via Dropdown)
   - Year (Chosen via Dropdown)
   - Semester Start Date (Chosen via Calendar)
   - Semester End Date (Chosen via Calendar)

2. Then, courses are added in each semester, to add a course in accreditation application, following information is required:

- Course Name (Chosen via drop down)
- Offered Semester
- Number of Sections

3. Then, Teacher Name (To be chosen from drop down) and Number of students for added course is taken via system.
